

We are looking for

**volunteering**

## **InsideWheel Scouts (m/f)**

to support our new InsideWheel platform  
(including knowledge platform, online difficulty catalogue and Code of Points)

### **Your tasks**

- Maintain the content of the IRV Difficulty Catalogue, add videos, photos and link related elements to each other
- Maintain the content of the InsideWheel Space
  - add new content by transforming existing pdf-documents to the online platform
  - write your own content about relevant topics
  - improve the knowledge base of the InsideWheel space with your own ideas

### **Your profile**

- 2 – 3 years of experience as gymnast, coach or judge within the sport of Wheel Gymnastics (Gym Wheel and Cyr Wheel)
- familiar with online tools like Confluence or Slack (or willing to learn)
- familiar with social media platforms like Youtube and Facebook
- good writing skills in English language

### **What is InsideWheel?**

InsideWheel is a community & knowledge platform for the sport of Wheel Gymnastics. Initiated by the International Wheel Gymnastics Federation IRV, this online portal offers knowledge and information for all disciplines in Wheel Gymnastics. It is a collaboration platform, which wants to make knowledge accessible for gymnasts, coaches and judges around the world.

### **What we can offer?**

InsideWheel is one of the key projects of the International Wheel Gymnastics Federation IRV. As InsideWheel Scout you are part of a highly qualified international group of people will have first hand access to information about international Wheel Gymnastics, as well as a strong cooperation with the Executive Board and Technical Departments of the IRV. You can shape the future of Wheel Gymnastics and work together with other motivated friends to promote your sport.

### **How to apply?**

Use our online form (<https://goo.gl/forms/Cea7BzhVJhLncAUx2>) to send your application and motivation to Henning Henningsen, head of the InsideWheel working group.

For further information about the InsideWheel Working Group please check the IRV website (<http://www.rhoenrad.com/en/about/groups-and-commissions.html#WorkingGroups>)
